CAPABILITY STATEMENT

ABOUT US

Jiron Enterprises, LLC was established in Greeley, Colorado in 2018 by David (DJ) Jiron. After nearly 20 years in the energy industry, DJ was compelled to utilize his vast knowledge of transport to branch out on his own in the field of transportation. Keeping true to its roots, **Jiron Enterprises, LLC** provides materials to energy production sites throughout Colorado, New Mexico, and Wyoming. During times of reduced energy operations, the company expands to transport various goods across the country, such as livestock feed, home building materials and other resources, as well as Amazon freight. **Jiron Enterprises, LLC** strives to be the best at providing safe and efficient services for its customers.

CORE COMPETENCIES

- ✓ Interstate travel
- ✓ Proper load securement
- ✓ ELD compliant
- ✓ Knowledge to make roadside repairs as needed for continuous operations
- ✓ Excellent communication between shippers and receivers, including enroute

WHY CHOOSE US?

- ✓ We always found that communication is and always has been the foundation to a successful operation. And I know you are looking for a company that will ensure safe handling and prompt delivery of your product, then look no further than **Jiron Enterprises, LLC**. DJ is committed to providing quality service for his customers no matter the content or size of your freight.
